

Everything Special Needs

To Whom it may Concern,

Matteo Iadonisi has been the producer of the Everything Special Needs Radio Show for over two years.

Matteo has exemplified excellent skills in both production and client relations. He always makes sure all of the microphones are set up and tests all the levels. He also monitors the levels during the radio show and makes the proper adjustments as needed. Matteo is also responsible for answering the phones for call-ins during the show and putting them on the air. Matteo is also responsible for recording and saving all of the shows so they can be later archived on the website. Matteo has always saved all the shows and made sure they were e-mailed promptly to me after the show.

There are many weeks when we have children with special needs and their parents who have been in the studio to share their stories. Matteo has shown a strong sense of empathy and has connected well with the children with special needs as well as their parents.

I highly recommend Matteo to be an intern. He would definitely be an asset. If you have any further questions please feel free to contact me at everythingspecialneeds@yahoo.com or at 609-217-1585.

Sincerely,

Sue Shilling
